

# ABOUT US

- Tanzania Venture Capital Network is an initiative launched to promote the growth and development of Private equity, Venture capital, and Angel investing in Tanzania
- The network carries out various activities that include deal preparation, pipeline management, networking and deal-matching, investment support, and improving the PE investment climate in Tanzania
- The Network seeks to increase and double the PE deal flow by 2025 and develop a strong angel investor base in Tanzania
- The Network is managed by SSC Capital
- This is not a member-based association, but works closely with all industry players to build the PE ecosystem in Tanzania

# Market landscape

Percentage share of the volume and value of reported PE deals in East Africa, by country, 2010-2016 H1

We plan to increase PE & VC capital flow into Tanzania by double by **2025**

## OUR KEY OBJECTIVES

- ✓ To create awareness on the importance of Private equity and venture capital industry for country's economic development.
- ✓ To bring together different industry players regularly
- ✓ To increase deal flow in Tanzania
- ✓ To help VC funds and Angel investors find and execute more deals in Tanzania
- ✓ To conduct research and publish industry information and insights regularly.
- ✓ To advocate for a better PE and start-up Investment climate
- ✓ To promote the growth of home-grown VC funds and Angel Investors
- ✓ To prepare Tanzanian investees to be investor-ready
